

MONTHLY BULLETIN

TURBINE TESTING LAB

JANUARY, 2025

Abstracts finalized for **CRHT XIII**. This year, the conference taking place on April 7, 2025 received **89 abstracts**, which is the highest number achieved for this conference till now.

Kickoff meeting of **RenewHydro** took place on January 14-15.

TTL-KU is going to be one of the research partners in this project, which will focus on how hydropower can transition into an energy flexibility enabler, that co-exists with other renewable energy sources like wind power and solar power.

Kickoff meeting of RenewHydro project

Installation of calibration tanks ongoing at TTL

Visit to Marsyangdi HPP by Mr. Prajwal Sapkota and Mr. Bhuwan Bhatara in the course of CMHydro and RenewHydro projects running at TTL

Start of 6 months' mobility of Mr. Aaditya Karna and Mr. Mausam Bhurtel through Hydro Himalaya project
